OF INTEREST TO ALL VOTERS OF NYE COUNTY

PLATFORM ADOPTED BY REPUBLICANS SHOULD BE READ BY ALL VOTERS

The platform of the republican candidates of Nye county as drafted several weeks ago, should be carefully read by all voters of this county. It contains a lot of thought, especially that part pledging the legislative candidates to labor for certain measures. For the benefit of those who have not read the platform it is reproduced herewith in full:

The republican candidates of Nye county assembled in convention, pursuant to the provisions of the primary law, offer no program that is not bulwarked with performances; makes no promises but what are for the interest of the tax payers and property owners of this county.

The past four years of republican rule in this nation has been such that we again give our hearty endorsement to the platform and candidates presented by the national republican convention. Never has the country been confronted with such problems and situations as have arisen during the last four years, and never have such problems been handled with such skill and courage. President Taft has demonstrated his fitness for the office he now holds, and for which he is a candidate for reelection, and though assailed by agitators and decryers by theorists, the condition of the United States today is a tribute to his performance of every duty demanded.

The state republican platform and candidates likewise receive our unanimous endorsement.

Retrenchment in State Offices

We pledge our legislative candidates to the enactment of a measure reducing the expense of the state government to conform with the revenues of the state and prevent the farther issuance of bonds to meet the deficit in the general fund.

The State Bank Receivership

We pledge our legislative candidates to secure an investigation into the affairs of the long defunct State Bank and Trust company. There are hundreds of people in Nye county who lost their savings in this institution and who are not able to secure a proper report showing the

Republican national, state, county and township officers who are deserving of the support of the Nye county voters.

assets of the bank. Repeated requests have met with silence on the part of the receiver in charge and we pledge our legislative candidates to work for the passage of a resolution through both houses of the legislature, securing the appointment of a committee to conduct a public investigation of the affairs of the bank.

Good Roads

We pledge our county and legislative candidates to adopt every means whereby the roads of this county will be repaired and new thoroughfares constructed. We recognize that good roads mean that hundreds of tourists will pass through our county, and within the next few years thousands of motor driven machines will cross the continent. It is within the power of southern Nevada to provide a feasible route for the travelers, and we pledge all our candidates to secure the enactment of a proper measure that will insure the construction of a transcontinental route through Nye county.

Primary Election Law

We pledge our legislative candidates to the enactment of sweeping amendments to the present primary law, which in its self is nothing short of farcical. We favor such amendments that will prohibit voters from flocking from one standard to another without a declaration of their political faith. We believe in the sanctity of the ballot and urge that secrecy be continued, but are opposed to the present construction of the primary law that allows fraud being perpetrated.

Free Text Books

We pledge our legislative candidates to labor for the passage of a measure providing for the furnishing of free text books by the state to

RAIN CAUSES SNOW TO LEAVE IN A HURRY

LIGHT DOWNPOUR IS EXPERIENCED DURING EARLY PART OF LAST NIGHT

The autumn weather of the past few days turned to spring last night when a light rain started falling. The fall was not heavy and continued during the forepart of the night at brief and interrupted spells. The light downpour was sufficient to expediate the disappearance of the snow which had fallen during the latter part of last week and was fast melting.

From the severity of the snow-storm it was believed the ground would remain covered for a week or more at the time the fall ceased, but the sunshine of the last three days sufficed to clear the ground where drifts had not occurred.

From the spring weather another change was recorded this morning when the snow again started falling. The fall was not heavy but a decided change in the temperature was noticed.

If you should hear, incidentally, that your favorite store had had an unadvertised special sale of something you've been wanting to buy, you'd feel that it had not protected your interests—wouldn't you?

SMOKER WILL BE HELD TONIGHT BY REPUBLICANS

OPPORTUNITY WILL BE PROVIDED VOTERS TO SIZE UP COUNTY CANDIDATES

For the purpose of introducing the republican county candidates to the voters of Tonopah, a smoker will be held at the republican headquarters this evening. The affair is under the auspices of the Nye county republican central committee and it is requested that all voters who can possibly do so, be in attendance. The smoker, while planned as a sort of rally, will have interesting features besides short talks by the candidates.

This will be the first smoker of the present campaign and a large crowd is anticipated. Refreshments, both of the solid and liquid variety, will be furnished while several vaudeville offerings will be staged to break the monotony. During the course of the evening the various candidates will be called upon to make their appearance and submit to the inspection of the voters. While the affair is staged by republicans, it is requested that voters of all political faiths, attend, for it will be an opportunity for the thinking voter to size up the candidates and consider the qualifications of the office seekers.

Two years ago several smokers of this kind were held by the republicans and on each occasion the various candidates were placed on exhibition as the will be tonight. The new republican headquarters is located down stairs beneath the store of Morrow and Hussey. The entrance is the same as to the Tonopah club building basement. The room has been comfortably fitted out and plenty of seats will be secured to accommodate the crowd expected to be on hand this evening.

ORE LOST IN STOPE AT MANHATTAN IS FOUND IN LOWER LEVEL DRIFT

Special to the Bonanza

MANHATTAN, Oct. 9.—The Manhattan Amalgamated company during the past week has played in the greatest luck imaginable. Hardly had the announcement of a week ago of a fabulously rich strike in the stope above the 100-foot level been made, when the ground got bad and it became necessary to abandon work there. Superintendent Walter Wilson transferred his men to the 150 and commenced drifting eastward. Not more than four or five days had the men worked at the new place when the same high-grade as was abandoned in the stope was struck and there is a two-foot ledge of it.

It is very rich, assays and bucket samples running into the hundreds, but to be conservative Mr. Wilson places the average at \$100 a ton. While the bucket samples in the former strike averaged much more

than \$100 he believes the present showing to be the richer of the two.

The fact of finding the ore east of the shaft is significant to the importance of the Amalgamated. Upon the theory that all ore shoots in the camp rake to the west or southwest, that would give the company a greater portion of the shoot before it reached the Brady ground on the west.

A fine milling is in prospect as a result of the last find and by careful raising and stoping the whole of the rich shoot will be extracted with slight danger.

The Amalgamated is proving to be a great piece of ground and taken together with that portion of the Consolidated which adjoins and which is operated by the Kendall and Douglas leasers through the same shaft, it is one of the most interesting spots in the camp.

TWO CONCERNS FILE ARTICLES OF INCORPORATION

NEW FRATERNAL BUILDING WILL BE ERECTED BY BUILDING ASSOCIATION

Two new companies filed articles of incorporation yesterday with the county clerk. The Tonopah Empire Mining company, which names Tonopah as the principal place of business, filed articles. P. C. Eisler, J. S. Mullens and H. H. Twining of Tonopah are named as the incorporators. The company has a capitalization of \$1,500,000 and the stock has a par value of \$1 per share. Seeley W. Mudd, Frank A. Keith, John G. Kirchen, Key Pittman and Max Bernheimer are named as directors.

DIVORCE GRANTED ON GROUNDS OF CRUELTY

Mrs. Bion Demmings was granted a divorce at a session of the district court Saturday night from Bion Demmings on the charge of desertion. The case was not contested. Sunday night in Goldfield Mrs. Demmings was married to J. J. Aylward, a well known southern Nevada mining man.

If you want to sell your goods use the columns of the Bonanza. It results

---how much Is A "Regular Customer" Worth to Your Store?

Suppose you could BUY 100 additional REGULAR CUSTOMERS during the next week or two—customers who, for years and years to come, would make a MAJORITY of their purchases of goods in your line at YOUR STORE?

What would each of these 100 customers be WORTH to you?

It is, we think, quite likely that if such an investment were possible, you'd eagerly pay TWICE AS MUCH as it would cost you to secure these 100 REGULAR CUSTOMERS through an advertising campaign big enough and aggressive enough to really make people ACQUAINTED with your store!
